VOL. XIII.

HOLBROOK, NAVAJO CO., TUESDAY, MARCH 9, 1909.

No. 49

Made from cream of tartar, derived solely from grapes. All the ingredients of Dr. Price's Baking Powder are printed on the label. They are pure, healthful and proper.

When baking powders are peddled or demonstrated, examine their labels. You will find they are not made from cream of tartar. You don't want them

## Statehood De-fea-ed

The Statehood bill for the admission of Arizona and New Mexico has been turned down by the Senate committee on territories, mainly by the efforts of Senators Beveridge and Aldrich, who have been at all times uncompromisingly opposed to the admission of these territories. While it has been claimed that a majority of the Senators and Representatives were in favor of the bill, yet the actions of these two Senators was sufficient to prevent the bill even being allowed to come to a vote. The committee on territories, of which Beveridge is chairman, failing to report the measure back to the Senate in time for action before adjournment. At the last meeting of this committee, charges of graft, illegal voting, herding of illiterate Mexican votes and other irregularities in New Mexico were brought forth and by this means all hopes for the passage of the bill were squelched. From present indications, there is no hope of either territory being admitted until after the next census has been completed.

We hope our republican friends have a good excuse to offer, as we were assured that the election of Cameron was the only thing necessary to bring us admission into the Union with a new star on the flag for Arizona.

Mr. Morgan of Navajo county, who voted for the Pace bill, has received over fifty telegrams from prominent taxpayers in his county asking that he vote for segregation.

Part of his county wants segregation and no woman suffrage, the other part wants woman suffrage, the Pace bill and no segregation. Mr. Morgan finds that to vote to please all his constituents is impossible, but considering that the majority of telegrams for segregation are from business men and taxpayers, and only one, from Winslow, against, he announced to the press this morning that he was going to vote for a segregation measure, and to even up with the other side he would support the woman suffrage bill. Then, if that did not please his constituents, they could send some one else next time to the legislature to represent them. With all the other members voting for segregation,

and with Mr. Morgan casting his vote for it, will turn the balance of 7 to 5 in favor of the passage of the segregation bill. It is probable that other councilmen will come over on the wet side, making the count more than two-thirds.—Phoenix Gazette.

A petition is being circulated in this town asking the governor to appoint Mr. Brown of Flagstaff as one of the three railroad commissioners provided for by the present legislature. Mr. Brown is well known in the northern part of Arizona. He is well versed in railroad rates and a man of highest integrity and otherwise well qualified to give a square deal to all concerned. The petition is being largely signed by our citizens.

The dinner given at the home of Mrs. Harvey Mann in celebration of her 19th birthday was highly appreciated by those fortunate enough to be invited.

## Two Mighty Hunters

While out riding near the bridge across the Puerco, Frank Wallace and George Hennessey started a wildcat that took up a telegraph pole as a place of refuge. Neither of the men had any kind of firearm along so they immediately reverted to the old way of subduing savage monsters. They armed themselves with rocks and made things mighty interesting for the specimen. After much waste of energy a well aimed stone stretched the blood-thirsty demon at their feet.

The mighty hunters have wired Mr. Roosevelt asking him to take them with him to Africa as a body guard.

"HI HENRY'S MINSTRELS" will be the attraction at the Opera House in Winslow, Saturday evening, March 13. Those who like real old-fashioned minstrel show will be repaid in seeing Hi Henry's minstrels.

## A. & B. SCHUSTER

Holbrook St. Johns Whiteriver

Have on hand at all times —
